

## Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically activates to unload as soon as bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper goes back to a locked and upright position. This piece of machinery is also obtainable with a cable which enables operation from the seat of the lift truck so as to have the choice of manually dumping the hopper. There is a locking chain provided in order to secure the hopper to the fork truck. This particular product is constructed with consistent and reliable robotic welds for utmost strength. The lift truck dumping hopper likewise has a blue powder coat finish in order to maintain durability.
